

## Accreditation and Duke of Edinburgh Award

We understand your needs !

Accredited Learning  
Recorded Outcomes  
Progress Files  
Records of Achievement and Key Skills.

Do these all sound familiar and, although we can all see the value for the young people, do they sometimes cause you a headache ?

Yorkshire Dales Guides can help. We can work with you to provide evidence of what the young people have done and the skills they needed to use for their activity. This can assist in recording the progression of young people and the distance travelled. An example of a Recorded Outcome. These are being asked for more and more.

This evidence can also be put towards Youth Achievement Awards, Duke of Edinburgh Awards or even the wider key skills of Working Together, Problem Solving or Improving Own Learning and Performance.

If you are registered for AQA Unit Awards we can provide the worksheets that may accompany the award.

If you use other accreditation then if you let us know the requirements before you come we will ensure that we can evidence the young people's achievements appropriately.

Straight after your activity the young people can complete any writing or drawing while they are still buzzing from their experience.

We can also provide Accredited Learning such as Young Navigator Star Award, for the older young people there is the National Navigation Award Scheme. These awards allow for some sustained work with your young people and can be broken down into manageable sessions.

## Duke of Edinburgh Award

We have several years experience of training groups through their Bronze and Silver Expeditions. We know the area very well both living and working here and are able to help supervise visiting groups or assist with training. This can reduce your costs if using paid staff who need cover back at your base.

VAT No: 856 3133 25

Registered to provide activities under the following headings:  
Caving, Hill Walking & Mountaineering, Gorge Scrambling.  
Abseiling, & Rock Climbing.  
Registration number L8365/R0337
