

Adventure activities licensing

"The aim of adventure activities licensing is to provide assurances to the public about the safety of those activity providers who have been granted a licence. In this way it is expected that young people will be able to continue to enjoy exciting and stimulating activities outdoors without being exposed to avoidable risks of death or disabling injury.

A licence indicates that the provider has been inspected by the Adventure Activities Licensing Service on behalf of the Adventure Activities Licensing Authority, with particular attention being paid to their safety management systems with young people, and has been able to demonstrate compliance with nationally accepted standards of good practice in the delivery of adventure activities to young people, with due regard to the benefits and risks of the activity.'

David Ashton, Chair. Adventure Activities Licensing Authority From the AALA website
